Victoria Is Placed Under Martial Law Because Wrath of Citizens Dig Graves for Americans Who Perish and Whose Bodies Are Carried from the Morgue to the Cunard Office. German

Uprisings Against Germans. British Soldiers Covered with the Stars and Stripes as They Ambassador Expresses His "Deep Regrets."

(By Associated Press.)

KINSALE, Ireland, May 10.—The coroner's jury which was investigating the deaths on the Lusitania, returned the following verdict: "We find this appalling crime contrary to international law and the conventions of all civilized nations. We therefore charge the officers of the submarine, the German emperor and the government of Germany, under whose orders they acted, with the crime of wilful, wholesale murder."

Victoria Under Martial Law

(By Associated Press.)

VICTORIA, May 10.—Victoria is under martial law, the result of renewed attacks upon German establishments by mobs revenging the Lusitania. Several thousand men and boys smashed the windows of a brewery, the New England hotel, jewelry and other stores. A detachment of troops from Vancouver is expected to reinforce the Victoria garrison. Further trouble is feared.

Aerial Raiders Near London

(By Associated Press.)

LONDON, May 10.—An aerial raid within 40 miles of London has been made. Conflicting reports come from the Essex coast, one saying that serious damage was done to property and some loss of life caused by the bombs. It is reported also that four Zeppelins participated, while another report said several aircraft took part, it not being established whether they were Zeppelins or aeroplanes. South End, on West Clifton sea, and Leigh appear to have been attacked. Sixty bombs were dropped on South End. Most of them exploded harmlessly on the beach. One dropped near a ship where

1200 Germans are interned. A British aeroplane pursued the air fleet.

Italy Will Soon Decide

(By Associated Press.)

ROME, Italy, May 10.—Italy is expected to decide shortly for or against war. It is reported that if she enters she will do so by declaring war against Turkey.

(By Associated Press.)

BERNE, May 10.—It is estimated that 10,000 Germans from Italy crossed the Swiss frontier Saturday and Sunday. Four thousand arrived at Lugano.

German Ambassador Regrets

(By Associated Press.)

WASHINGTON, May 10.—Count Bernstorff, the German ambassador, called on Secretary Bryan today. He expressed "deep regret" that the events in the war had led to the loss of so many American lives. While neither mentioned the Lusitania, it is known that they talked about it specifically. Announcement of the ambassador's statement was made by Bryan. He interpreted it as meaning that he expressed regret not only for the loss of life on the Lusitania, but for the Americans lost in torpedoing the American steamer Gulfight, and the one lost on the Falba.

Will Bury Lusitania Victims

(By Associated Press.)

QUEENSTOWN, May 10.—The bodies of identified Americans,

covered with the stars and stripes, were removed from the morgues to the Cunard offices. The bodies of Frohman and others were in cheap caskets. The British soldiers have completed digging three huge graves in which one hundred and forty-odd unidentified dead will be buried tomorrow. Many children and babies are still in the morgues. The American dead will be returned to the United States.

America's Course Undecided

(By Associated Press.)

WASHINGTON, May 10.—The course of the United States is undecided. The action of Bernstorff will have little effect on its policy unless Germany apologizes for the loss to America by the sinking of the Lusitania and promises reparation. The president is in deep study, pondering over the policy he will submit to his advisers. Officials said today that there are no indications that the president intended to call an extra session of congress.

May Sever Diplomatic Relations

(By Associated Press.)

WASHINGTON, May 10.—Secretary Bryan said he had not received any official communication from the German government in regard to the Lusitania, or regarding Bernstorff's communication of expression of regret on his own behalf. Severance of diplomatic relations with Germany was suggested, but it would have serious effect on the humanitarian work that the United States is conducting. The American staff in Belgium might not be permitted by Germany to remain, complications destroying the effect of American relief. It is known that the president is considering these questions.

CALIFORNIA LEGISLATURE ENDS SESSION AND LAWMAKERS PLAY BOYISH PRANKS

(By Associated Press.)

SACRAMENTO, May 10.—Amid scenes of disorder, in which waste-paper baskets were thrown about in the senate, the members of both houses of the California legislature laid aside governmental dignity when the forty-first session of the legislature ended at 2:30 this morning. The clocks pointed to the hour of eight, a fiction, and the sine die adjournment was faithfully carried out. The legislature was scheduled to meet later today for the transaction of business incident to the formal closing.

At midnight the senate passed its final bill, but the house, which started the day with 117 measures to be considered, worked two hours later. Among the bills that passed in the closing hours was Senator Brown's carry law fixing the legal rate of interest for all loans at 12 per cent.

The measures defeated included the restoration of the poll tax, the home rule tax bill and the bill to revive horse racing. The measures passed included: The use of cigarettes as a ground for expulsion from high schools, removal of property qualification for jurors, and fruit standardization for all fruits shipped outside the state.

Four bills wiping out all political party lines in state elections and leaving the party label only to candidates for congressman and United States senator stand out as the most important legislation enacted by the 41st California legislature.

Under the non-sectarian acts, voters will register without naming any party affiliation. At primary elections where members of congress are to be nominated, there will be only one ballot. Voters when they are handed their ballots will declare

their party, and all candidates for congress of other parties will be stamped out.

In place of the present method of selecting delegates to the state party conventions, committeemen will be elected by congressional districts, and they, with the party nominees for congress will compose the state conventions.

The non-partisan bills were the chief recommendation made by Governor Johnson in his biennial message. They received his signature a few days after passage through both houses. Movements have been begun by advocates of the party political system in state government, for a referendum on the measures.

PUMPING PLANT FOR EAST END MINE

ELECTRIC HOIST WILL ALSO BE
INSTALLED THERE BEFORE
LONG

The heavy flow of water in the Tonopah East End has baffled even such a stickler as Superintendent Colman, but he finally had to throw up his hands and close down the plant. His next business was to wire for both a station and a sinking pump. They are on their way and by the time they arrive electrical connections will be put in.

Unwatering will then begin and sinking will be resumed as soon as the shaft is dry. The gasoline hoist will be continued for a time, but an electric hoist has also been purchased, to be installed later. The flow of water, while it prevented further sinking with a baler, convinces the management that the fissure entered will be ore bearing, as the bottom of the shaft was in trachyte and slickenside when the shutdown was forced by the water flow.

VESSEL SUBMARINED BUT ITS CREW ARE RESCUED

(By Associated Press.)

LONDON, May 10.—The British steamer Queen Wilhelmina was submerged off Blyth. The crew were rescued.

OLD "DAD" PIPER ANSWERS THE CALL

POOR, BUT PROUD, HE REFUSED
CHARITY AND TOLD NO ONE
HIS SORROWS

Familiarly known as "Dad" Piper, an old man lived here for eleven years, doing odd jobs of chopping wood and other chores, accepting no charity, even when his physical disabilities caused him to be in need. He had been deaf for many years. The old man was proud, because he had once been able to hold up his head in the world financially. He was found in his cabin Saturday in a dying condition and removed to the county hospital, where he expired shortly afterward.

"Dad" Piper was aged about 70 years. He has a brother, Sam Piper, living about six miles from Big Pine. The latter has been communicated with. Some thirty years ago the deceased quarreled with his brother, N. T. Piper, a wealthy man, over the division of some land and cattle of considerable value, since which time the brothers had not been in communication. N. T. Piper died recently at Los Angeles before a reconciliation could be effected. No arrangements have yet been made for the funeral.

A LONG-DRAWN OUT TRIAL

The trial in the case of Clar vs. Flood was begun in the district court before Judge Averill. This is an action to secure title to mining claims. There are a number of witnesses here from Manhattan where the property is located. It will probably require several days to try the case.

DIGGS AND CAMINETTI LOSE THEIR APPEAL

CASE IS EXPECTED TO GO TO
THE SUPREME
COURT

(By Associated Press.)
SAN FRANCISCO, May 10.—The Diggs-Caminetti conviction, which was recently affirmed, has been denied a rehearing in the circuit court of appeals. It is expected that counsel for defense will ask for a stay of execution of the sentences and appeal to the supreme court.

GERMAN CLUB RAIDED BY VANCOUVER CROWD

(By Associated Press.)
VICTORIA, B. C., May 10.—A crowd of several hundred men and boys, led by soldiers in uniform, in retaliation for the torpedoing of the Lusitania, raided the Deutscher Verein, a German club, and the Blanchard hotel, under German management, here last night. Furniture was dragged out of the club and smashed. In the hotel mirrors and cut glass were broken.

LEO FRANK MUST GO TO HIS DEATH

(By Associated Press.)
ATLANTA, May 10.—Leo Frank has been resentence to death, the execution to take place June 22nd, for the murder of Mary Phagan. He reiterated his innocence.

U. S. OFFICER MISSING

(By Associated Press.)
WASHINGTON, May 10.—Capt. J. B. Miller of the coast and geodetic survey, is among the missing on the Lusitania. Captain Miller was just back from a long trip in the Philippines and Alaskan waters.

ONE OF BIGGEST PAYDAYS IN HISTORY OF TONOPAH PUTS CASH CIRCULATING

Today is one of the biggest paydays that Tonopah has ever had. It is estimated that the wage and salary checks totaled about \$240,000, but this only half of the money, or less than half that was paid out by the two local banking institutions for labor and supplies for the mining companies in this and tributary districts.

The Tonopah Banking corporation cashed checks for \$282,844.57. The companies that made this institution their clearing house were:

Tonopah Mining Company of Nevada, Desert Power and Mill company, Esmeralda Power company, Tonopah-Belmont Development company, Jim Butler Mining company, Belmont Milling company, Tonopah Midway Consolidated Mining company, Monarch-Pittsburg Extension Mining company, Rescue-Eula Mining company, Tonopah North Star Mining company, Buckeye Belmont

Mining company, Tonopah Gipsy Queen Mining company, Umatilla Mining company, Tonopah Bonanza Mining company.

The Nevada First National Bank of Tonopah had not footed up the amount of money it would put in circulation today, but Cashier James thought it would approximate \$200,000. Following are the companies that made disbursement through this bank:

Tonopah Extension Mining company, Tonopah Merger Mining company, Tonopah Victor Mining company, West End Consolidated Mining company, Bullfrog Red and Water Company, Crystal Bullfrog Mining company, Halifax Tonopah Mining company, Loretta Copper Mining company, Montgomery Rhoshone Mining company, Maverick Copper company, Yerington Mountain Copper company, Great Western Consolidated Mining company.
